EASY KNOCKDOWN III STEP UNIT MATERIAL OPTION

Ameri-Fab is proud to offer a revolutionary OSHA step unit: The TITAN OSHA Step. This innovative new step unit combines our exclusive Easy Knockdown III design with the cutting edge technology of polypropylene injection molded plastic landing and step treads in an all aluminum frame. No other step unit on the market today is as durable and versatile as this step.

TITAN OSHA STEP

The TITAN OSHA step is built to last a lifetime. The TITAN step landing and step treads are environmentally safe, will not delaminate, absorb water and are warranted against UV degradation. Combine these features with a 10" range of threshold height adjustability and you have an unbeatable combination.

TITAN OSHA STEP FEATURES

- 10" range in threshold height adjustability suitable for most site requirements
- Easily assembled on site
- Strong, durable and maintenance free
- Significantly lighter than all other steps
- Environmentally safe
- Skid-resistant

AMERI-FAB EXCLUSIVES
