## EXPERIENCE THE AMERI-FAB DIFFERENCE

Ameri-Fab, Inc is a specialty steel fabrication company specializing in the manufacturing of code-compliant ramps, landings, stairs and step units for commercial and residential clients. Our diverse product line also includes fencing and gates, security products, awnings, handrails and custom solutions for a variety of projects. But you'll soon find that it's our experience and exceptional customer service that makes Ameri-Fab a leader in our industry.

### UNMATCHED EXPERIENCE

Ameri-Fab ownership and management have over 50 years combined experience within the modular and steel industries. We put this experience to work on every project we undertake — from the smallest residential need to the largest commercial fabrication solution — so the result is a product Ameri-Fab is proud of and our customers are completely satisfied with.

### AFFORDABLE QUALITY

Our extensive experience in the steel industry enables us to create high-quality products at affordable prices. We have the knowledge that can turn a potentially expensive project into a reasonably-priced solution. By working with our clients, reviewing their needs and making specific recommendations based on our knowledge and experience, we are able to develop solutions that work within a client's budget.

### DONE RIGHT. DONE ON TIME.

Ameri-Fab has current engineering approval in most states and can easily acquire approval wherever necessary. This certification assures our clients that their product will be manufactured to exacting specifications. And our unwavering attention to our customers' deadlines means we'll deliver this quality product on schedule.

## AMERI-FAB HAS YOUR SOLUTION

Ameri-Fab has the capability to fabricate to any specification, and we'll work with you to develop the right solution for your steel fabrication needs. Our diverse product line includes the following and more:

### RAMPS

Ameri-Fab is the industry leader in the fabrication of code-compliant ramps for both temporary and permanent use. We can design and fabricate to meet any site or customer specification from the smallest threshold application to the most extreme, heavy-duty requirement. Options include galvanized steel construction or steel pan with concrete fill.

### STAIRS

We fabricate custom stair configurations for a variety of applications, including apartment/condo exposed two-story stairs with pre-cast concrete step treads and ADA, IBC, NFPA5000 code-compliant public access stairs. We can also design and build custom stairs to fit most applications.

### STEP UNITS

Ameri-Fab's Easy Knockdown™ step units offer ease of setup, breakdown, shipping and storage. We offer several types of step units including temporary construction step units, loading dock step units, inclement weather step units, semi-trailer van step units and residential step units. Our step units can be used temporarily or installed for permanent use.

### LANDINGS

Our landings can be designed and built to any specification. Common applications include landings for modular buildings and construction trailers as well as temporary and permanent structures. Our knockdown landings offer ease of setup and breakdown, and when used with our ramps or stairs, they offer a complete accessibility package.

Awnings and Ornamental Work ▼

### FENCING AND GATES

Ameri-Fab offers a wide variety of fencing and gate solutions to protect your home, business or school. Products include steel gates with wood slats, residential gates, school and commercial gates,

commercial fencing, residential ornamental fencing, pool fencing and much more. We are happy to work with you to develop the right answer to your fencing and gate challenges.

### SECURITY PRODUCTS

We know how important it is to feel safe, so we've developed a number of products with your security in mind. These include basic security doors, security door panels, window guards, security door bars and roof ladders. We can also develop the ideal custom solution for any specific security need.

### HANDRAILS

From commercial and construction handrails to custom decorative residential handrails, Ameri-Fab can design and manufacture the perfect handrail system for you. Custom finishes are available and installation is available at any location.

### CUSTOM APPLICATIONS AND MORE

Ameri-Fab can design and build to any specification, any need. We offer specialty custom built ornamental steel products as well as a standard product line. We can work with you on any project, no matter the application, and provide you with a cost-effective solution.

## OUR SERVICE SETS US APART

Ameri-Fab's design and manufacturing capabilities are reason enough to come to us with your next project, and where you'll truly notice a difference is in the service you will receive from us. Our superior customer service, attention to detail and scheduling, and ability to work with you on a solution that's right for your project will make working with us a truly satisfying experience.

### CUSTOM DESIGN

Every project is different, and seemingly straightforward projects can be complicated by the smallest details. Our talented design team will work with you, putting their experience and expertise to work on your project, keeping it simple for you. We can custom design your project from scratch or make the necessary adjustments to "standard" designs so any project you bring to us is free of hassles.

### DELIVERY AND INSTALLATION

You can feel at ease knowing that Ameri-Fab's experienced and knowledgeable staff can handle any project from conception to completion. We offer delivery and installation on every product we manufacture. We are bonded, insured and hold all appropriate licenses. We are also an approved provider for the Arizona Health Care Cost Containment System (AHCCCS — Provider #544438).

### CALL US FOR A QUOTE

Let us provide a quote on your next project. Whether it's a simple step unit or a complicated commercial project, you'll see that our prices are competitive, and our superior experience and exceptional customer service will make you more than happy you called Ameri-Fab.
